Jodi,  
Thank you for continuing to work with the CO to arrange for the contractor support.  
Mark

Mark/Mike,

Got the paperwork from QA last week and sent it to the CO in HQ. He is out today so I am hopeful it will go out to the contractor this week. Also the contractor has called the CO and asked him about it, but they haven't heard back. The CO is currently swamped with end of year items along with preparation of potential shutdown so he knows that this is a priority. I will call him tomorrow to check and let you know.

Jodi:  
Would you please give Mike and me an update on securing the contractor support for CFAC?  
Thank you.  
Mark

Hi Mark,

I am working with QA today to finalize what is needed before I can send the paperwork to the CO. It is the end of the year for the CO (which is in HQ), but I am working hard to try and get this to the contractor as soon as possible. I also talked with Mike and am aware of what he is trying to accomplish at this site. I will keep you posted.

Hi Jodi,  
I am the site attorney for the Anaconda/Columbia Falls Superfund Site in Montana. I understand from Mike Cirian that he was working with you to put in place contractor support for the site. As you know, Mike is out of the office until Sept 21<sup>st</sup>. I promised Mike I would follow up with you on securing contractor support. We are anxious to wrap up RI/FS negotiations in the near future, and contractor support will facilitate that goal. I would greatly appreciate it if you would give me a quick update on where things stand by email or phone.

Thank you.

Mark
